
JAR C

1 Str.
Ridiculous it is,
the fun I should have

just made out of TV for the eyes to see

Prechorus

too loud for my ears
too much for my brain
just nothing for my muscles gaining fat in-
between

i'd need a therapy
the nature will do

but love is better
so where are you

check you on tinder
see you on lovoo
hear you in the radiooooooooooooo

~~Ref:~~ *Bridge*

Jar C
who are you gonna be
Jar C
come on stay with me
Jar C
who you are you gonna be
Jar C
why are you so lovely to me
Jar C

funny though

2 Str. it's just our drummers show

his story might means nothing else but far,
far more

or is it even
might it not just
be a synonym for all of us

Prechorus:

i'd need a therapy
the nature will do

but love is better
so where are you

check you on tinder
see you on lovoo

hear you in the radiooooooo

Solo

Bridge:

~~internet-generation
modern kind of kids
disadvantages and their benefits
mobile, pc, flatscreen
lack of communication
deep scars, psychotic station a failed
parenting~~

*Ref. Jar C.
Phase me
you gonna be
coming with me*
